

Forest Lake Sportsmen's Club Youth Fall Clay Target League

The Forest Lake Sportsmen's Club (FLSC) is excited to introduce the Youth Fall Clay Target League.

The program will provide an opportunity for the children to participate in an organized league event; both Trap and Skeet will be offered. This is not a "team" league, however, we encourage High School Trap programs, especially those that do not have a fall program, to participate as a coaching event. The Club is willing to work with school programs to define timeframes within the open hours where the school makes coaching staff available.

Youths ages 16 and under require that a parent or coach be present to supervise the activity.

This will be an 8-week program with 2 rounds shot every week. This is not a handicap league. The scores will be maintained weekly and the kids have the opportunity to shoot ahead or make-up rounds. The intent is to have recognition of both male and female athletes in different age brackets, including consideration for most improved. Participation will determine final recognition categories. The details of the program are as follows:
